

Ashby Hastings Primary School

"Inspiring minds to foster confidence"

Personal, Social, Health and Economic (PSHE) Policy

Adopted by Ashby Hastings Primary School on:	Date: 23 August 2021
This policy will be reviewed	As policies, procedures and regulations are updated.
Version	1.0

For the purpose of this policy, the 'Head Teacher' refers to the Executive Head teacher, Head teacher or Head of School.

AIMS OF PSHE

- deliver a planned and progressive PSHE curriculum that underpins these aims and prepares all pupils for the challenges that they will face in everyday life.
- provide a secure stimulating and exciting educational environment where all pupils thrive
- teach pupils to become independent learners
- guide pupils to make appropriate choices and take sensible risks.

THE TEACHING OF PSHE

The PSHE curriculum provides experiences that will enable children to:

- develop self-confidence - care for, respect, and value themselves
- care for, respect, and value others
- understand that growing up involves facing challenges
- understand that life involves making appropriate choices and taking appropriate risks
- understand that, with appropriate support from family, friends and teachers, they have to take responsibility for their own well-being.
- The EYFS class incorporates PSHE within the learning goals of the Foundation Stage Curriculum - Personal, Social & Emotional Development, Communication Language and Literacy, and Knowledge and Understanding of The World.
- The curriculum for each year is determined by the scheme of work (long term plans). This ensures continuity and progression throughout the school.
- In addition to the structured scheme of work aspects of PSHE can also be taught throughout a wide range of subjects and as specific needs arise.

VALUES AND ATTITUDES

Children should:

- work with others, listen to each other's ideas, and treat them with respect
- have opportunities to consider their own attitudes and values, and those of other people
- develop respect for evidence and critically evaluate ideas which may or may not fit the evidence available
- develop a respect for their environment and be encouraged to evaluate their own and others' effect or impact on it
- develop critical thinking in order that they can make sensible choices and become independent learners

DIFFERENTIATION

- By recognising that some children who may need help with literacy skills may have more developed practical skills in 'designing and making' and tasks will be set appropriately
- By giving extra support to children who may, through poor motor skills or other reasons have less well developed practical skills and by giving extra opportunities for reinforcement
- By ensuring that pupils with particular ability and flair for PSHE are extended through the use of additional, more demanding, open ended tasks

PLANNING FOR CONTINUITY & PROGRESSION

Planning in PSHE is done in three stages:

- **Long-term planning:** This is the school's scheme of work and reflects the expectations of the National Curriculum. It has been agreed with the whole staff to ensure coherent, manageable teaching units. The long-term planning shows how these teaching units are distributed across the years in a sequence that promotes curriculum continuity and progress in children's learning. Units may be linked with work in other subjects.
- **Medium-term:** This is the responsibility of the class teacher. It identifies broad learning objectives for each unit and outlines tasks/activities which will enable these to be achieved.
- **Short-term:** This is the responsibility of individual teachers. These plans identify specific learning objectives and include details on differentiation.

PLANNING FOR CONTINUITY AND PROGRESSION

- Long term planning reflects the needs of all children in relation to the National Curriculum. The long term plans shows how the teaching units are distributed across the years of both key stages in a sequence that promotes continuity and progression.
- Aspects of Personal, Social and Emotional learning are incorporated in the school's medium term plans; taken from the Cambridgeshire Primary Personal Development Programme materials and identify learning objectives and outcomes for each unit with suggested activities enabling these to be achieved.
- Short term planning is the responsibility of individual teachers, who build on the medium term plans by taking account of the needs of the children in a particular class and identifying the way in which ideas might be taught to a particular cohort of children.

ASSESSMENT

- The teacher will assess pupils' understanding of each topic as work is being taught. Informal assessment occurs throughout every lesson through discussion and evaluation of the children's work and behaviour. This is invaluable in enabling the teacher to check that children have grasped the main teaching focus of that lesson.
- The long, medium and short term plans provide a record of what is being taught in each year group.
- Cross-Curricular Links
- Cross-curricular links are made in all subjects

THE ROLE OF THE PSHE Lead

The PSHE Lead should:

- ensure the development of a scheme of work for the PSHE curriculum.
- promote the integration of PSHE within appropriate teaching and learning activities;
- manage the provision and deployment of resources and give guidance on classroom organisation support;
- inspire colleagues to deliver high quality teaching and learning opportunities;
- lead INSET within the school, and investigate suitable courses elsewhere;

- act as a contact point between the school and support agencies;
- provide technical expertise;
- write, monitor and evaluate an action plan for PSHE
- co-ordinate the evaluation and review of the school's PSHE policy.
- bid for & manage the budget for this curriculum area;
- monitor & review the PSHE provision within the school

HEALTH & SAFETY

- Health and Safety issues in PSHE include the safe teaching of appropriate procedures when dealing with equipment. The children are taught to be aware of their own and others safety at all times.
- Children also learn about e.g. hygiene, healthy diets, relationships, inappropriate use of substances etc.

EQUALITY STATEMENT

At Ashby Hastings, we actively seek to encourage equity and equality through our teaching. As such, we seek to advance the equality of opportunity between people who share any of the following characteristic:

- gender;
- ethnicity;
- disability;
- religion or belief;
- sexual orientation;
- gender reassignment;
- pregnancy or maternity.

The use of stereotypes under any of the above headings will always be challenged.

INCLUSION

Our school is an inclusive school. We aim to make all pupils feel included in all our activities. We try to make all our teaching fully inclusive. We recognise the entitlement of all pupils to a balanced, broadly-based curriculum. We have systems in place for early identification of barriers to their learning and participation so that they can engage in school activities with all other pupils. We acknowledge the need for high expectations and suitable targets for all children.
